

Abdallah Yaackoubi

Senior Product Designer (UX/UI)

EXPERIENCE

Senior UI/UX Product Designer

Instadeep

Jan 2024 - Present

Design UX for AI products, specializing in dashboards and scalable design systems. Work closely with engineers on handoff and execution, and support landing pages that communicate complex AI features clearly.

Chief Product Officer

Steer AI

Oct 2021 - Nov 2023

Led product design across web and mobile, owning design systems and scalable UX patterns. Shipped a B2B site, SaaS platform, and marketplace while collaborating closely with CTO, engineering, and marketing.

UX/UI Designer

Groupado

Feb 2021 - Jul 2021

Designed end-to-end UX/UI for websites and applications, applying service design principles to improve usability and navigation.

UX/UI Designer

Konnect

Feb 2020 - Jan 2021

Designed multiple applications including a digital wallet and delivery app. Led UX/UI and branding as the sole designer on a Tunisie Telecom project.

Freelance Designer

T+ Ingénierie Informatique

Mar 2020 - Jan 2021

Delivered applications, dashboards, and e-commerce solutions while managing projects end-to-end and translating client needs into scalable products.

EDUCATION

BTS Communication Visuelle option Multimédia

Carthage art academy

2017 - 2021
